Re: Notice of File Closure for Small Mining Activities, Plume #1, S/041/016, Sevier County, Utah

Dear Messrs Barney:

This letter is to notify you that file #S/041/016, for the Plume #1 project, located in Section 23, T23S, R2W, Sevier County, Utah, will be retired from our files.

As this project was located on BLM managed lands, we contacted the BLM to find out their status of this project. The BLM informed us that they had inspected the site and closed out your file for this project. Because you have not paid the Division's permit fee and as this project was located on BLM managed lands, we will accept the BLM's recommendation and also close our file accordingly. You are hereby released from any further mining or reclamation responsibility at this site. If you wish to restart any mining in this area, you will have to submit a new notice to the appropriate agencies, pay the Division permit fees, and receive written approval(s) prior to creating any disturbance.

If you have any questions or concerns regarding this action, please contact me at (801) 538-5310.

Sincerely,

Lynn Kunzler  
Senior Reclamation Specialist
